Career Objectives:

I want to build a career in Computer Science, but instead of just sticking to core CS I also want to explore mobile and web development. As I am passionate about new technologies so given a chance I would also like to work on them.

Educational Qualification:

Board/University	Year of Passing And School/College	Qualification
Visvesvaraya Technological University	2020-2024 Acharya Institute of Technology	Bachelor of Engineering in Computer Science (CGPA-7.94)
Department Of Pre-University Education	2020 Presidency	2nd PUC (PCMB) (84%)
KSEAB	2018 St.Anne's high School	SSLC (88.8%)

Technical Skills:

Programming Languages: C, Java, Python.
DBMS technologies: MySQL.
Frontend : HTML5, CSS3.
Scripting languages : javascript

Project:

Online reselling of books:

This project is like an e- bookstore website where books can be bought from the comfort of home through the Internet. An online bookstore is a virtual store on the Internet where customers can browse the catalog and select books of interest.

Tic-Tac-Toe App:

Tic-tac-toe is a simple game app, here circles and crosses are used as object to play the game. This game is played by two players in a 3*3 grid. The player who succeeds in the placing three of their marks in diagonal, horizontal, or vertical row is a winner.

Atom Simulation:

Everything you see around you is made up of atoms, and all atoms consist of subatomic particles. In the Atom simulation, you will learn the names of the basic subatomic particles and understand.
